Message from the Founder & Chairman

“Successful businesses that are sustainable in the long term deliver business profit and social good in equal measure to create a positive impact on society.”

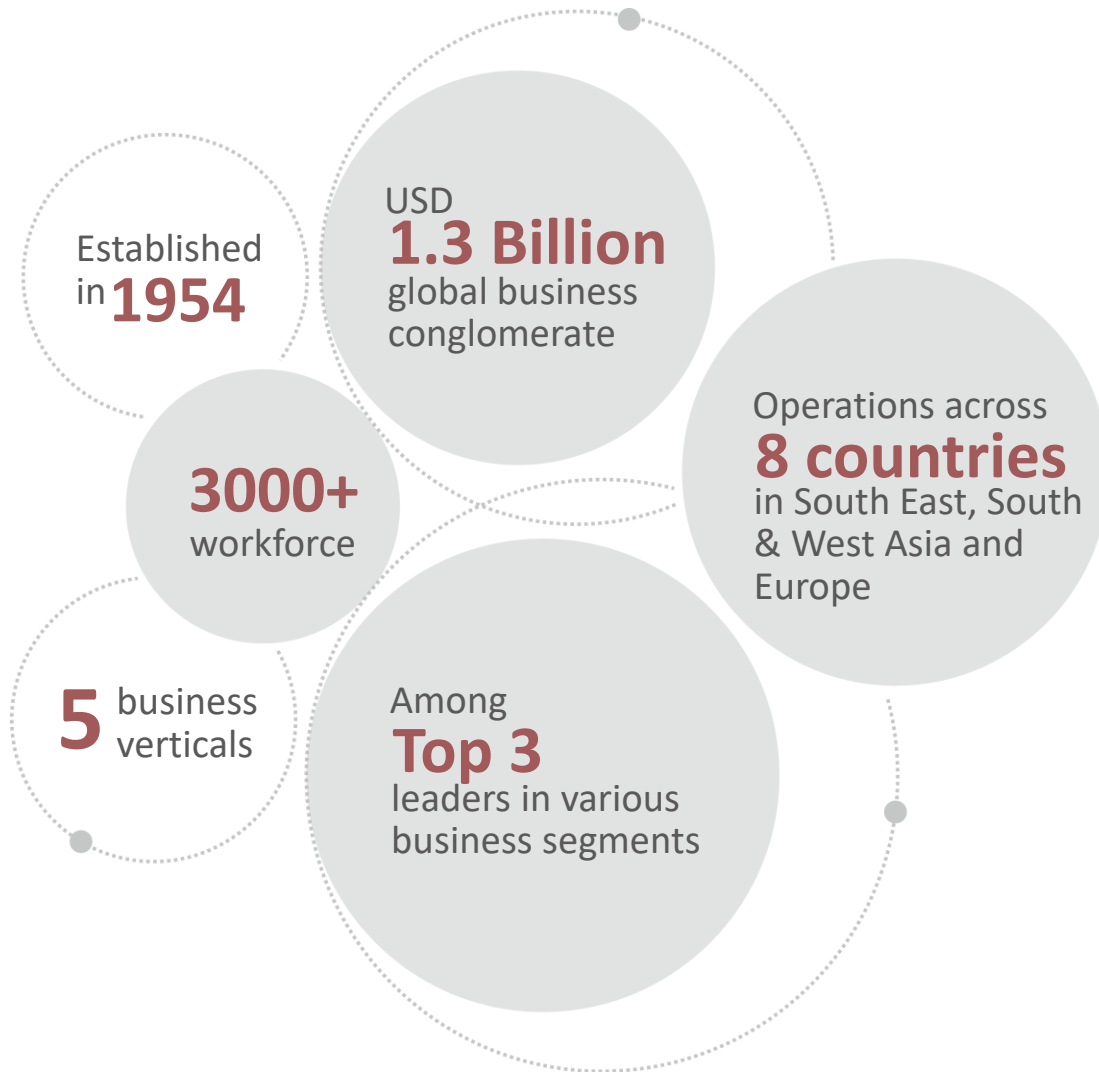

As a group, our commitment to ethical business standards, sustainability and safety remains unwavering.

Our corporate culture is guided by our values of integrity, respect for people and protecting our environment. This culture is underpinned by our inherent belief that successful businesses that are sustainable in the long term deliver business profit and social good in equal measure to create a positive impact on society.

As we focus on our core businesses and steer new horizons, we are building on our innovation momentum. A momentum that will help us navigate through disruptive forces at the convergence of business, governments and society in the digital age.

Ashwin Muthiah
Founder & Chairman

At a Glance

AM International is a diversified, multinational group of companies with a federated operating architecture.

Headquartered in Singapore, it has been trusted by millions of customers for over six decades. Today, many of the group's businesses are market leaders with footprints across South East and West Asia, India and the United Kingdom.

With a portfolio of geographic, diversified and new-age businesses, AM International maintains a strategic focus on predictability, sustainability and value preservation.

With an unwavering commitment to doing business with integrity, AM International remains dedicated to growing businesses trusted by society.

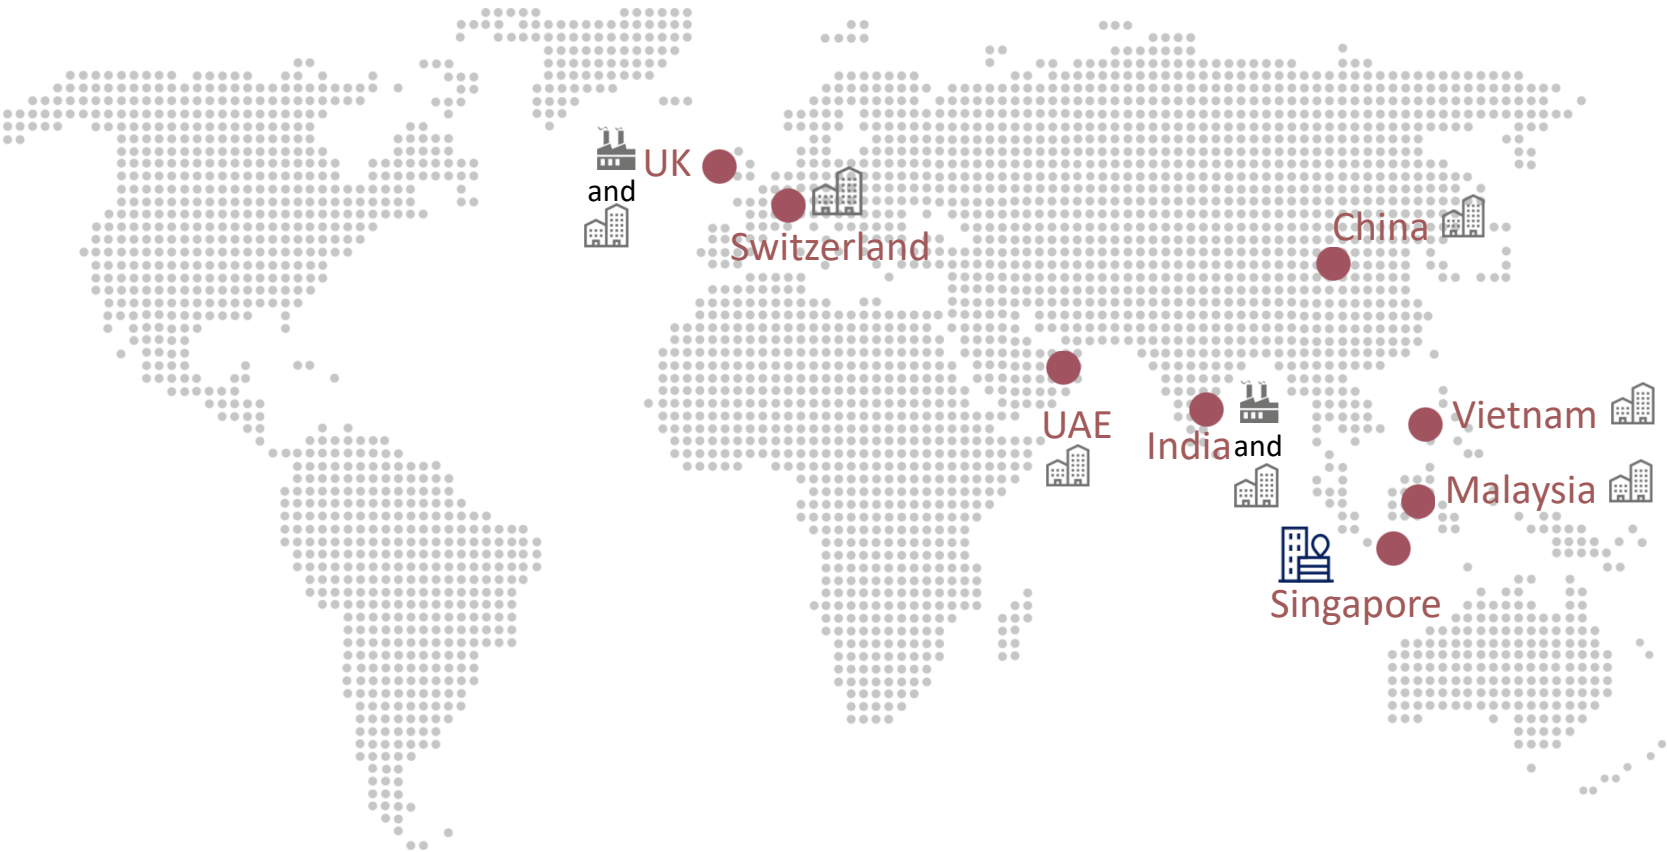

Our Presence

Operations across 8 countries
in South East, South & West
Asia and Europe.

Our Journey

People, Principles & Philosophy

Our Principles & Values

Our Mission

To build robust, market-leading businesses drawing on collaborative team capabilities, focused execution, ethical business conduct and a distinctive regional & global focus to generate long-term value for our stakeholders.

Our Vision

To serve as a global holding company for our core areas of business and foster businesses that are trusted by society.

Integrity

Professional conduct, upholding good governance, transparency and the highest ethical standards.

Opportunity

Seizing opportunities for portfolio companies to enhance value, derive synergies and sustainability in the long run.

Entrepreneurial Spirit

Proactive and passionate, pursuing endeavours with a balance between entrepreneurial risk-taking and professional diligence.

Innovation

Ingenuity in our processes, products and systems to foresee customer needs and deliver delight through innovative ideas & technologies.

Responsibility

Commitment to improve the lives of people in the communities with a focus on environmental stewardship.

Ashwin Muthiah

Founder & Chairman

Ashwin Muthiah

Founder & Chairman

- Joined the family business in 2001.
- Re-oriented the group businesses under AM International in a strategic move to preserve the family legacy.
- Drives the expansion of “businesses trusted by society.”
- Led from the front to consolidate and grow the group’s traditional presence in fertilizers, supply chain, petrochemicals and infrastructure services to new ventures in medtech and green solutions.
- Starting a new phase of globalisation in the group, he worked with strategic stakeholders, acquiring assets, leveraging new-age technologies and building a professional leadership team.
- Chairs the philanthropic arm of the group - AM Foundation - which he founded in 2015.

Public Recognitions:

- Consul General Ad Honorem for the Republic of Philippines in Chennai, India since 1993.
- Past Member of the Singapore Economic Development Board (EDB).
- Trustee of the Saigon Chettiars’ Temple Trust, Singapore.

Assets

Acquired two Japanese-built Supramax Bulk Carriers

- AM Ocean Silver (*Built Tsuneishi Shipbuilding, Japan*)
- AM Ocean Star (*Built Tsuneishi Shipbuilding, Japan*)

Certifications & Recognitions

- Won the prestigious 'Singapore 1000' list since 2008
- GTP registered for 25 years

Singapore Shipping International Ltd.

Freight Solutions for Dry and Wet Bulk Cargo

- Established in 1973
- Specialises in comprehensive freight solutions for dry and wet bulk cargo
- Commercial Managers and Operators of Supramax Bulk Carriers - AM Ocean Silver and AM Ocean Star

FERTILIZERS & SUPPLY CHAIN

www.ssipl.com.sg

Customers

- Serves group companies and global customers that include fertilizer mines & manufacturers, trading houses, steel mills, cement and power plants
- Currently performing Contract of Affreightment for a renowned fertilizer mine for a cargo volume of 500,000 MT

Certifications

- Member of ICC International Maritime Bureau (IMB)

Manali Petrochemicals Ltd. (Listed)

Propylene Oxide, Propylene Glycol, Polyols and PGMME

- Established in 1986 in the petrochemical complex in Chennai, India
- Commenced commercial production in 1991
- The only integrated manufacturer of Polyols in India
- Acquired UB Petroproducts in 2000 through a merger
- First and largest manufacturer of Propylene Oxide (PO) and Polyols in India
- Only Indian manufacturer of Propylene Glycol (PG)
- State-of-the-art in-house development facility to meet specific customer needs
- Listed on BSE & NSE

PETROCHEMICALS

BSE: 500268 | NSE: MANALIPETC | ISIN: INE201A01024

Products

Polyols

- Flexible slabstock, flexible cold cure, rigids and elastomers
- Automotive, appliances, building & construction, energy, footwear, furniture & bedding, insulations, drilling, paints & coatings, etc.

PGMME

- Solvent used in paints & printing inks

Propylene Glycol (PG)

- Pharmaceutical, food & flavours and industrial grades
- To be augmented to 74,000 TPA in the next few years
- Di & Tri Propylene Glycol mainly for industrial applications

Propylene Oxide (PO)

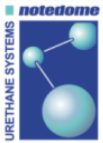

- Feedstock for the derivatives (PY/PG/PGMME)

Certifications

- ISO 14001:2015, 9001:2015
- PG certified for IP/BP/USP/EP/Halal & FSSAI
- PO/PG/E series Polyols- Europe REACH Certified

Acquisitions

- Notedome Ltd in 2016 (UK-based)
- Penn Globe Ltd in 2022 (UK-based)

Notedome Ltd.

Cast Elastomers

- Established in 1977 in UK as a Cast Elastomer (CE) components maker
- Upgraded as a System House subsequently
- Globally acclaimed as the foremost CE maker
- Customers across 40 countries

- Makes a variety of CE systems for various applications under the Neuthane™ Brand
- Caters to aerospace, transportation, agriculture, industrial & mechanical, manufacturing & fabrications, marine, mining and quarrying, oil & gas, etc.
- Customers across 40 countries
- Globally acclaimed as the foremost CE maker

INFRASTRUCTURE SERVICES

Wilson Cables Pte. Ltd.

Electrical Cables & Wires

- Established in 1974
- Award-winning Singapore based cables manufacturer in diverse grades for power and control, fire resistance, shipboard, instrumentation, oil and gas and flexible applications with a global presence

www.wilson-cables.com

Industries

- Power and control cables
- Fire resistant cables
- Shipboard cables
- Instrumentation cables
- Oil and gas cables
- Flexible cables

Certifications

- ISO 9001:2015
- TUV SUD, Lloyds, DNV-GL, Bureau Veritas, ABS, NKK, BKI, SNI

Medihub Sciencetec Pte. Ltd.

Medical Technologies

- Started commercial production in 1992
- High-end life support solutions using state-of-the-art medical technology.

www.spictra.com

Focus Areas

- Cardiac surgery
- Airway management
- Neurology
- Blood transfusion

Contract Manufacturing

- Blood cell salvage products for European company
- Chemotherapy perfusion products for US company
- Interventional products for Japanese company
- Cardiopulmonary products for Japanese company
- Indigenous dialyser development along with NHHID, Anna University

Certifications

- ISO 9001:2015
- ISO 13485:2016
- Class 7 Clean Room
- European CE marking MDD/93/42/EEC
- Govt. recognized R&D unit
- Manufacturing license issued by Indian Medical Device Regulation, 2017

Awards

- National-level invention award for Blood oxygenator
- National level technology innovation award for Cardioplegia system
- Invention award for Arterial Blood filter

Greenam Energy Pte. Ltd

Solar Power Solutions

- Established in 2017
- Charted a new course towards addressing global climate change by green energy production in a sustainable manner
- Completed 24.7 MW floating solar power plant, one of India's first floating renewable energy initiatives

- Commissioned in March 2022
- Power produced is cheaper by about 50% as compared to Government grid power
- Higher efficiency due to cooling effect from water reservoir

Key Project

- Built India's largest captive floating solar power project is located at SPIC's Tuticorin plant
- Project supplies electricity to SPIC and Green star
- EDAC Engineering Ltd. undertook the construction

Impact

- Reduction in CO₂ emission up to 35,232 MT per annum
- Savings in evaporation of fresh water up to 109 million gallons per annum

Tuticorin Alkali Chemicals & Fertilizers Ltd.

(Listed)

Eco-friendly Soda Ash

- Established in 1982
- Only Soda Ash manufacturer that derives the raw material CO₂ gas separated out of boiler flue gas
- Also co-produces Ammonium Chloride fertilizers through a dual process
- Having 3 MLD Desalination Plant

BSE: 506808 | NSE: TUTICORALK | ISIN: INE400A01014

Our Strategy

Our Strategy

At AM International, sustainability is at the core of our strategy. Our success is underpinned by our long-term focus on sustainable actions.

Improved Efficiencies

In costs, operations, compliances and resource usage

Innovation

To capitalize new business opportunities

Good Governance

To ensure transparency and accountability

Stewardship

In the post COVID-19 era

Enabling Sustainable Growth

Strengthen Market Leadership

Fortify leadership in the manufacturing & distribution business.

Upgrade plant & machinery, harness digitisation and an R&D-led innovation focus.

Enter Value Based Business

Enter new business areas that are complementing current businesses.

Focusing on emerging opportunities – Green Solutions and Medtech.

Geographic + Opportunistic Focus

Focus on India & South East Asia as a geography to tap the 1 billion+ consumption opportunity.

Opportunistic foray into UK and Europe based on current strengths.

Create value through an ESG focus

Ensure business longevity by making sustainability a priority.

Create long-term value by adopting a conscientious approach to ecological, social, and economic priorities.

Cost & Compliance Leadership

- Continuous capacity improvements with brownfield projects – optimize CAPEX through judicious resource utilization.
- Focus on energy savings and manufacturing efficiency – increased margins with reduced per unit production cost.
- Modernize our plants with best-in-class technology for Health, Safety, Security & Environment (HSSE).

Market Leadership (India)

- Long-term, sustainable stakeholder returns with responsible business conduct.
- Focus on Environmental, Social and Corporate Governance (ESG) parameters in every aspect of business – measured risk-taking & fiscal prudence.
- Committed to building trust & transparency with stakeholders through meaningful technology interventions.

Value Creation Focus

- Fortifying market leadership in food security will be our continuous focus.
- Strengthening our presence in green solutions and speciality chemicals viz. manufacturing safe and future-proof solutions.
- The emphasis on small & marginal farmers is giving a fillip to agri-nutrient companies. Increasing environment awareness and compliance measures are driving green growth.

COVID-19 Management

Health and Safety

Prioritising employee health and safety, focusing on workplace hygiene and worker safety.

Restricted personnel visits and staggered staff schedules.

Business Expansion

Driving business expansion through clean energy and manufacturing.

Brownfield project expansion through sustainable technology interventions.

New Business Opportunities

Focusing on new business opportunities in the food and pharma sectors.

Emerging opportunities— green solutions and medtech.

Community Support

With the support of the local government in Tamil Nadu, India, distributed food kits, along with health and hygiene essentials like face masks, sanitisers, and spray pumps to local communities.

Corporate Social Responsibility

AM Foundation

- AM Foundation caters to the consolidated impact investing efforts of its member corporates.
- Across our businesses, we share our resources and expertise to support the vision of the Foundation and add value beyond our core business activities.
- The Foundation's initiatives are focused on primary healthcare.
- Our objective is to bridge the gap in the local healthcare ecosystem by bringing quality healthcare closer to the most vulnerable communities.

www.amfoundation.net.in

Why Primary Healthcare?

22%

Shortage faced by India in primary healthcare facilities

145th

India ranking out of 195 countries on the Global Healthcare Access and Quality Index (HAQ)

2.4 million

Annual number of preventable deaths in India

- Delivering cleaner, healthier and better life in the communities it operates and to focus on establishment of primary health care centres.
- Addressing the prerequisites for primary health care such as safe water, basic sanitation & hygiene, nutrition, immunisation and education.

Key Activities

- Establishing Primary Health Care Centres (PHCCs)
- Educating local communities on health and hygiene
- Providing treatment and medical care
- Constructing sanitation blocks in schools
- Awarding scholarships to students

Impact

- **Primary Healthcare Centres:**
52,000+ people benefited from the Primary health care Service.
- **Sanitation:**
Established 50+ sanitation blocks in government schools of Tamilnadu and 33,000+ students have benefited from this project.
- **Wellness & Wellbeing:**
42,000+ People have benefited from the community service by AM, PHCC's
